

**Email Archiving Solutions**

**Archive One Selector**

**3 Reasons to Archive:  
Policy, Capacity,  
Compliance.**

**Archive One Policy:**

- Enforces company e-mail control, retention and retrieval.
- Improves Exchange Server performance.
- Intuitive GUI-driven creation of multi-criteria policies.

**Archive One Capacity:**

- Simple archiving for Capacity Management and load balancing in Exchange.

**Archive One Compliance:**

- Copies email to secure, indexed archive to assist meeting regulations.

<b>Archive One</b>	<b>Policy</b>	<b>Capacity</b>	<b>Compliance</b>

Simple installation	✓	✓	✓
Low TCO	✓	✓	✓

N.B. All modules can be run separately or together as required.

Archive One can be run in conjunction with MaX Compression Enterprise, to extend the benefits of automated compression of attachments beyond just the archive.  
PST search and discovery is available through the Policy module or Active Folders Content Manager.

***All Archive One modules are fast to install, easy to administer and available for a free 30 day trial at [www.c2c.com](http://www.c2c.com)***
